

# 2024 Highlights

## Research to Support Regional Goals

Valley Vision released **10** major research products in 2024 to inform regional economic strategy, advance policies and investments to support the region's agricultural sustainability, and identify gaps and opportunities for small business broadband connectivity.

## Built Community Power

Valley Vision held **72** workshops, meetings, events, and summits to improve community engagement within our focus areas. These initiatives created opportunities for partners, community members, and civic leaders to contribute solutions by sharing best practices in community engagement. Notably, we reimagined event translations by conducting Spanish and Vietnamese educational events entirely in their respective languages, while English speakers used headsets to participate.

## Secured the Bag for the Region

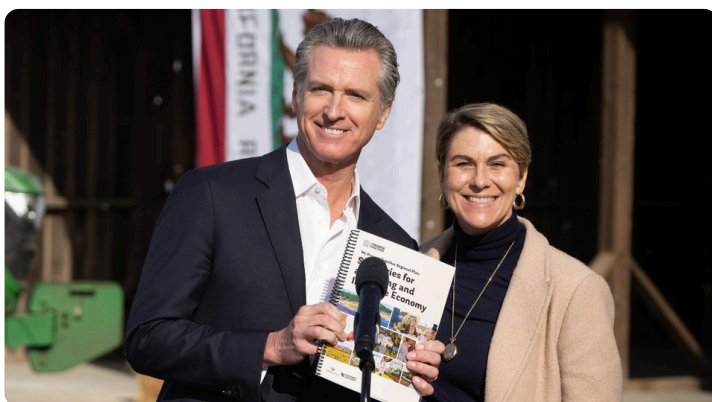

Valley Vision enlisted countless partners across our initiatives. Through We Prosper Together, set the stage to release **\$9M** in community grants supporting inclusive economic development.

## California Economic Summit

Valley Vision served as regional co-host of the 2024 CA Economic Summit, bringing together over **800** statewide partners and leaders to showcase the assets and priorities of our region.

## Elevated Our Priorities to State Leaders

Valley Vision engaged state leadership, including the Governor, in a regional roundtable to elevate our key economic priorities as a part of We Prosper Together.

## Achieved Impact for Our Communities

Helped provide 130 computers to students and their families at Leataata Floyd Elementary School

Prepared hard-to-reach communities for disaster

Supported new broadband tower in Isleton

Created a 6-county rural infrastructure plan to support food resilience and inform land use decisions.

Built alignment to grow high-quality jobs

Secured funding for grassroots clean air projects including community gardens, tree plantings, e-bike classes, and more

... and Celebrated  
30 Years of Service  
to California's  
Capital Region
